

One of our candidature profile

A real life warrior

Candidate hails from Cuddalore District and was born into a family of 2 siblings. Her elder brother has had couple of surgeries, one in the heart and the other in the Spinal Cord and is presently in 12th grade. She has a younger sister as well who is in 10th grade. Tragedy struck the family when the candidate's father, who was a press reporter for one of the leading Tamil Dailies and the only bread-winner of the family, succumbed to heart attack after a prolonged illness, which drained them financially as well. Though her Dad breathed his last close to her 12th exam dates, she was unfazed by the loss and to fulfill her father's dream of becoming a professional, she was able to secure an aggregate of 197 for Medicine and 195.5 for Engineering and is now pursuing Material Science Engineering.

Her Mother has managed to get a Job @ a salary of Rs. 5K/month which is sufficient to take care of her 2 siblings. Her relatives in Chennai were kind enough to take care of her first semester fees and accommodate her as well. However, this arrangement can't go on for long and she needs sustained support. As she has taken Material Science Engineering, which is a non-core course, the fee structure is also higher compared to a core course.

Fellow Batchmates, this is to reach out to you all to contribute generously to this candidate and candidates of similar profile and make a difference to their Life!! Let's make the change!! Let us give back to the society and what better way than through our own Alma Mater which has made us what we are Today!! – CEG'94 Trust
